Yarn Portfolio: Engineered for Performance

Category	Type	Count Range(Ne)	Ply Options	Applications
Combed Cotton Yarns	Ring Spun	Ne 20 - Ne 80	Single/ Multi Ply	Knitting, Weaving
Carded Cotton Yarns	Ring Spun	Ne 10 - Ne 40	Single/ Multi Ply	Knitting, Weaving
Compact Yarns	Combed Compact, Carded Compact	Ne 20 - Ne 80	Single/ Multi Ply	Knitting, Weaving
Open End(OE) Yarns	Rotor Spun	Ne 10 - Ne 30	Single/ Multi Ply	Knitting, Denim, Towels, Upholstery
Organic Yarns	100% Organic Cotton	Ne 20 - Ne 60	Single/ Multi Ply	Knitting, Weaving
Sustainable/ Recycled Yarns	Recycled Cotton/Polyester Blends	Ne 20 - Ne 40	Single/ Multi Ply	Knitting, Casualwear, Home Textiles
Customized Yarns	Tailor-made blends & Specifications	As required	Single/ Multi Ply	Knitting, Weaving, Specialized Applications

TECHNOLOGY & MACHINERIES

State-of-the-Art Infrastructure: We utilize the latest generation of textile machinery from global leaders like Rieter, Trützschler, and LMW, ensuring minimal deviation and maximum yarn quality.

1. Blow Room

Machines : Trützschler /
Rieter / LMW

2. Carding

Machines : Trützschler
TC 19i / Rieter C 80 /
LMW LC636

3. Drawing

Machines : Rieter SB-D
80 / Trützschler TD 10 /
LMW LD9

4. Combing (for Combed Yarns)

Machines : Rieter
E 86 / LMW LK69

5. Speed Frame

Machines : LMW
LF4280 / Rieter F 15

6. Ring / Compact Spinning

Machines : Rieter G 38 /
LMW LR9 A/AX/AXL

7. Rotor Spinning (for OE Yarns)

Machines : Rieter R 70 /
Schlafhorst Autocoro 10

8. Winding & Yarn Clearing

Machines : Murata
Autoconer 21 / Savio
Polar Evo

9. Quality Testing & Control

Machines : Uster Tester
6, Premier IQ2

10. Yarn Conditioning & Packing

Machines : Xorella
Conditioning Systems

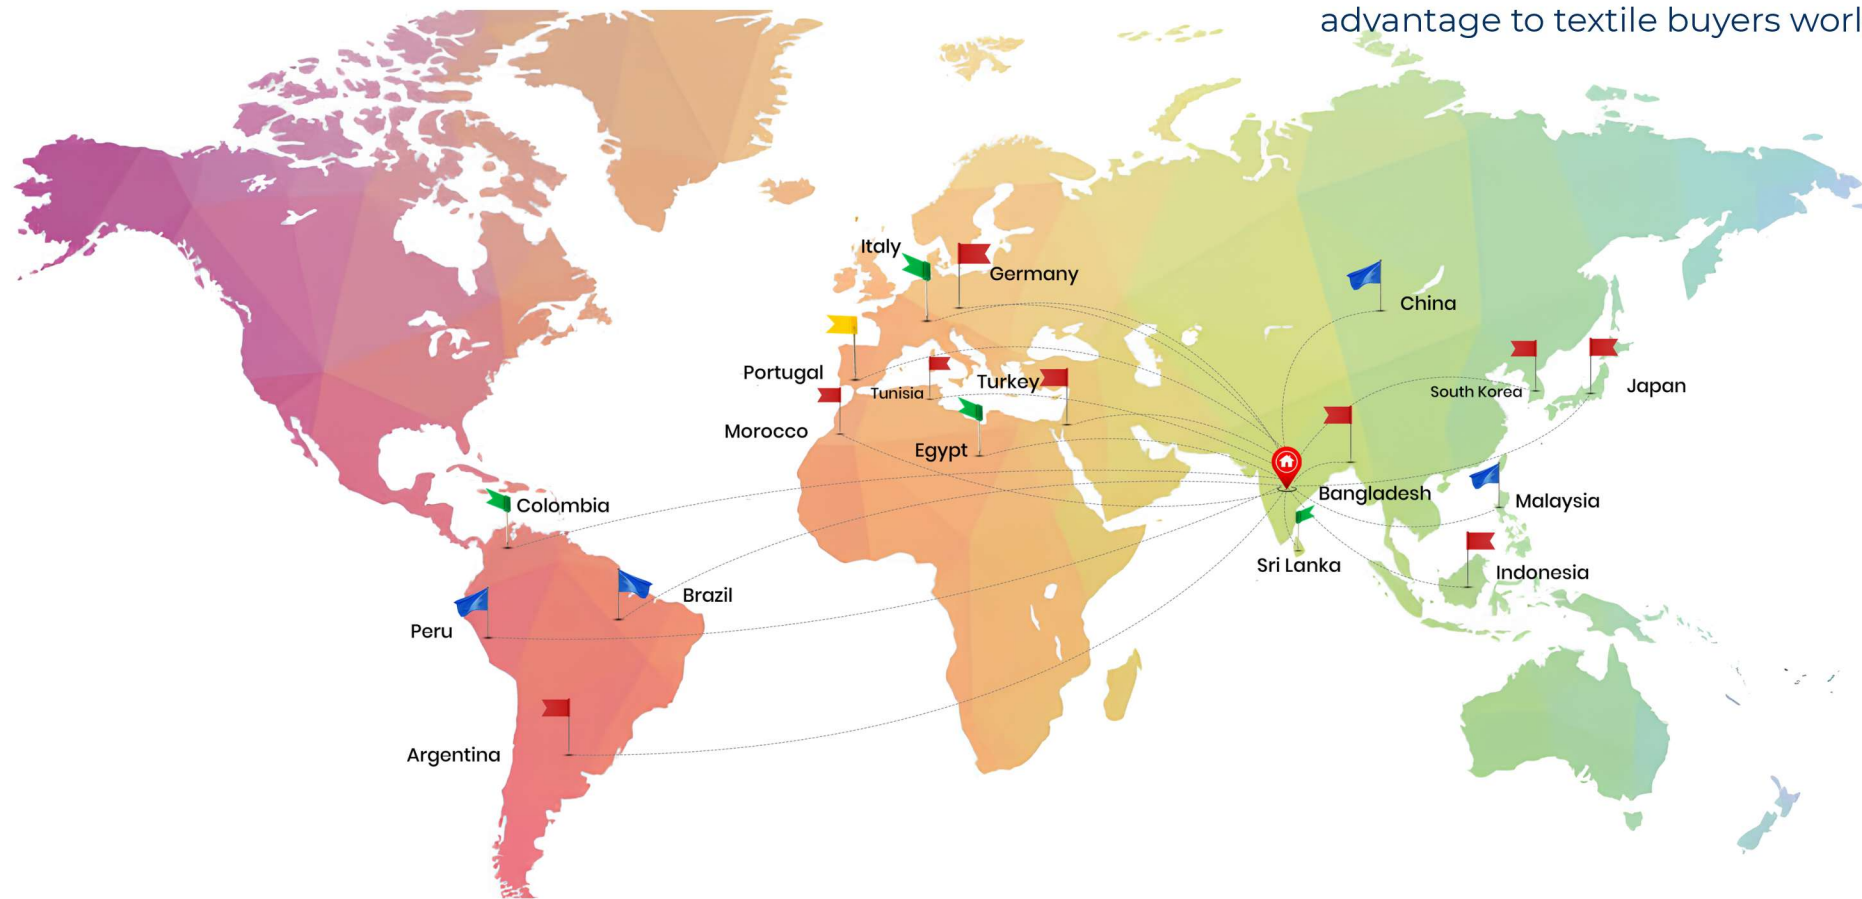

Your Global Sourcing Journey

The Thread of Global Excellence

25+ Exporting to Countries

With a strong global reach, Ascento ensures seamless procurement, competitive pricing, and consistent quality- delivering a true global advantage to textile buyers worldwide

SUSTAINABILITY

Driving a Greener Tomorrow, Thread by Thread

At Ascento Overseas, sustainability is a core philosophy woven into every stage of our journey.

- **Responsible Sourcing :**
Upholding ethical, transparent, and quality-driven practices.
- **Energy Efficiency :**
Network Mills operating on 35-50% renewable energy.
- **Water Conservation :**
Committed to optimizing water use across our operations and partner facilities.
- **Eco-Conscious Packaging :**
Actively replacing traditional packaging with recyclable, biodegradable, and lightweight materials.
- **Carbon Footprint Minimization :**
Leveraging green shipping practices, energy-efficient warehousing & digitizing export operations.
- **People & Planet First :**
Ensuring 100% compliance with fair wage and safety standards.
